

GIVES REPORT ON CONFERENCE

Miss Lelia Scott Tells of Charities and Corrections Meeting at Indianapolis.

Miss Lelia Scott, secretary of the Associated Charities, presented a detailed report of some length on the national conference of Charities and Corrections held recently at Indianapolis, Wednesday afternoon at the Florence Crittenton circle monthly meeting at the home of Mrs. O. E. Julian, 1664 Woodward av.

In her report Miss Scott gave some very complete statistics, though she dwelt mostly on the subject of feeble-mindedness and insanity. She said during the week of the conference, May 10-17, there were 45 meetings held, with speakers of note from over the country. She spoke in particular of Thomas Mott Osborne, former warden at Sing Sing, who became interested in prison work 15 years ago when as a boy of 13 years he was sentenced to a term of 20 years in the prison. Since that time Mr. Osborne has won a wide reputation as a social worker.

Miss Scott discussed the Gary school question, giving many of the points brought out at the convention.

Mrs. Myron Campbell had charge of the current items of the day, in which she told of the rapid progress of the vice survey in Chicago. She said this vice survey had not entirely cleaned up Chicago's vice district, but it has to a great extent gotten the situation well under control.

The social afternoon was made pleasant by Mrs. N. P. Kelly and Mrs. Thompson, who sang two vocal duets. Mrs. Julian was assisted by Mrs. George Roper. Refreshments were served, marking the close of the season's meetings.

MASONS ENJOY PICNIC

Five Hundred from Lodge 294 Go to Lake Chapin.

Five hundred members and friends of South Bend lodge, No. 294, P. & A. M., attended the annual outing of the lodge at Lake Chapin, Berrien Springs, Mich., Wednesday. Seventy-five automobiles were the means of the party's transportation from the Masonic temple to the outing grounds. Something was done every minute of the day, according to those who attended the picnic.

Dancing and races played an important part in the events of the day. Thomas Slick proved himself a winner by carrying the potatoes to the end of the potato race without dropping, and Mrs. Thomas Slick won one of the ladies' races.

Kable's restaurant served the dinner at noon and a luncheon at 4:30 o'clock. A steamboat ride was enjoyed by all during the day. A baseball game between teams with Charles A. Hunsberger, senior warden, and John DeHaven, past master, as captains, went to the latter by a large score.

ENTERTAIN BRIDE-TO-BE

Miss Lucile Norris, who is to be married on Saturday to David C. Hay, was guest of honor at a miscellaneous shower at the home of Mrs. Rudolph Hoham, 830 S. Michigan st., last night.

The house was prettily decorated with red and white roses and strings of hearts. The table center piece was of orange blossoms. Contests and a mock wedding were features of the entertainment. In the contests favors were won by Mrs. Ed. Weaver and Miss Norris.

The assistant hostesses were Mrs. Roy Norris and Miss Flora Norris. The guests numbered 25.

Two Boys Are Charged With Intent to Kill

To be lodged in jail and charged with burglary and assault and battery with intent to kill, is the fate of Joseph Gorcewski and John Popelski, boys about 16 years of age.

Yesterday evening the boys broke into the home of Popelski's brother-in-law, a black jack, a watch and a pair of gloves. They sold the black jack to a boy on Division st.

After breaking into the house, the boys went to Beck's lake. A crowd of young men saw them and chased them to a barn at the home of Peter Vanderhagen.

Popelski and Gorcewski emptied the guns at the crowd, but injured none. After the shots were fired, the men captured the boys. The watch was recovered.

Officers Parker, O'Connell and Miller drove to the lake and brought the culprits back to town.

Gorcewski lives at 448 Phillips st. and Popelski at Box 47 Division st. on rural route No. 2.

LODGE NOTES

That 20 fire arms and side arms have been secured for use in the George M. Poinsett garrison, No. 91, Army and Navy union, was a report made last night at the regular meeting of the garrison held at M. W. A. hall. The garrison will begin drilling immediately and expects to put on an interesting program at the Fourth of July celebration at Rum Village, when the municipal picnic will be held. Hugh Savage is chairman and supervisor of the drilling.

TO GIVE INFORMAL DANCE.

An informal dance given to proprietors and employees of transportation lines and newspapers in South Bend, Laporte and Michigan City will be given tonight at Smith's resort at Hudson lake. A new dancing pavilion has been erected during the past few months with a 27-piece orchestra player piano, along with a number of new attractions at the resort, which will go together in making a merry time for all summer resorters.

Notre Dame News

Notre Dame's first class of journalists, who took their diplomas a week ago, are now all actively engaged in newspaper work. Edward Beckman is on the South Bend News-Times; Russel Downey with the Chicago Herald; William Finch with the South Bend Tribune; Louis P. Hart on the Owensboro Messenger, in his home town; Louis Keifer on the Terre Haute Tribune, and Eugene McBride on the Pittsburgh Leader. The last two also finding positions in their home towns.

Rev. John Cavanaugh, C. S. C., delivers an address today at Holy Trinity school in Chicago. This school is connected with Holy Trinity church which has one of the largest congregations in the world. It is probably as large as all the Catholic congregations or all the Protestant congregations in South Bend combined. Father Cavanaugh will return tomorrow.

Alfred Fries, C. E., 1916, has been appointed architect's engineer to oversee the work on the new Notre Dame library by Edward L. Tilton, of New York, the architect of the library.

Rev. William Bolger, C. S. C., on Wednesday received an invitation to address the Federated Catholic societies of the diocese of Grand Rapids, Mich. "The Church and the Labor Problem" will probably be his subject. A year ago Father Bolger addressed the same large congregation upon the "Ethics and Economics of the Living Wage," which made a great impression at the time on the Grand Rapids public.

Corpus Christi, which is generally observed today, it being the first Thursday after Trinity Sunday, which fell this year on June 18, is not being celebrated at Notre Dame publicly. The public celebration has been postponed to Sunday, June 25. Because of the absence of the students, the celebration will be largely in the hands of the congregation of the church of Our Lady of the Sacred Heart.

A foot and a half rise in St. Mary and St. Joseph lakes has gradually occurred owing presumably to the

copious rains this spring. St. Mary lake is still about five million gallons and St. Joseph lake about twenty million gallons below normal. St. Mary lake being one foot and St. Joseph, which is larger, about two and a half feet below its average level. Last summer the bathhouse dock and the intake for the university water supply had to be lowered, because of the new level found by St. Joseph lake.

Tuesday, June 27, is the day set for the ordination of the seven young men ready for ordination to the priesthood in the Congregation of the Holy Cross. They are Revs. Bernard Molloy, Charles Milner, James MacIlhorne, Francis Wenniger, Joseph Donahue, Anthony Rosiewicz and Stanislaus Szczymaek. All of these young clerics are now deacons, having received this order in Washington, D. C. They were all students at Notre Dame. Rev. Mr. Milner also studied in Rome. The last four mentioned are from South Bend, Ind.

Hair Often Ruined By Washing With Soap

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary multigrained coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multigrained coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.—Adv.
